

Mercy Nyawira

Junior Graphic Designer

I am a reliable entry-level graphic designer. I have been working with Adobe Photoshop, Indesign and Illustrator for the last one year and creating my personal websites using HTML, CSS and JavaScript. In my skills, I have designed layouts, logos, magazines and social media Ads. I am always eager to discover new things in a never-ending graphical lookout.

PERSONAL PROJECTS

Public Transport Air Conditioning (07/2019 – Present)

- I am currently working on a project that aims to help provide air quality in public transport. My responsibilities in the project is to design the company logo, mockup and a 3D sketch for the product.

VOLUNTEER WORK

Dagoretti Rehabilitation Centre (05/2019 – Present)

I am currently working as a volunteer in Dagoretti Rehabilitation Centre. It is a girls correctional centre that its main aim is to bring back the girls lives to track. I help by providing moral support every time I visit the centre.
